 * Use as mantle clock feet or on wooden-legged furniture to help make moving easier and to protect furniture and floors from scuffing

P2109 \$39.95

Evapo-Rust (Gallon)

* A water-based solution that is non-corrosive to steel
 * Does not harm brass, copper, aluminum, gold, lead, titanium, steel, cast iron, chrome, solder, vinyl, plastic, rubber, silicone, glass, cork or wood
 * One gallon de-rusts up to 300 pounds of light to moderately rusted steel
 * Non-toxic orally or dermally
 * Non-corrosive, non-flammable, non-acidic, non-caustic
 * Biodegradable with NO solvents, NO VOC's or HAP's
 * Used by the U.S. military, FBI and NATO as a rust remove
 * Easy to use:
 1) Fully immerse the rusted item and check progress in 30 minutes (soak times vary from 30 minutes to 24 hours depending on the severity of rust, type of steel and temperature)
 2) Wash and rinse. If desired, paint or another coating may be used for long-term rust protection

PLEASE NOTE:

Due to government regulations, this product CAN NOT be shipped through the U.S. Mail (USPS). It may be shipped by United Parcel Service (UPS) Ground or FEDEX Ground.

P2393S \$5.75 each
Time Only Mini Quartz Movement - 35/64" Handshaft
P2393M \$5.75 each
Time Only Mini Quartz Movement - 25/32" Handshaft
P2393X \$5.75 each
Time Only Mini Quartz Movement - 13/16" Handshaft
P2393XL \$5.75 each
Time Only Mini Quartz Movement - 1-1/16" Handshaft

* Brass Clutch Gear: A step above most other plastic mini quartz movements on the market today.
 * Steel Tension Leaf Spring: Able to carry hands heavier than the average mini quartz movement is capable of carrying.
 * Minute Shaft: Incorporates a rim so the minute hand cannot slide back onto the hour tube, which means no more hand jamming!
 * Integral Molded Plastic Hanger
 * Mounting Hardware Included
 * Uses Standard Hands for I-Shaft Movements
 * Continuous sweep seconds hand * Manufacturer's Lifetime Warranty!
